Warranty

BLANCOCare™ 2 years parts & labour

Features

QuartzClean Enamelled Interior

Pyrolytic and Pyrolytic ECO Self-Cleaning Options

PyroVari

Quad Glazed Door

Fully programmable timer

Control Panel Child lock

Benefits

Hard wearing QuartzClean enamel cavity facilitates the cleaning of the cooking chamber. The nicklefree composition allows the enamel to withstand temperatures up to 600°C whilst resisting acidic spills.

Offering two separate cleaning functions, this efficient cleaning system saves you time and money. No need for chemical based products. The oven is cleaned thoroughly and any debris is turned into ash which can be easily wiped after the cycle is complete.

Ability to choose the time that the pyro process takes choosing anything between 1 hour and 3 hours. It is a highly efficient cleaning system which saves your time and money spent on cleaning products.

The quadruple layered door with thermo-reflective glass offers not only a cooler to touch surface but also increases the energy efficiency as the heat is retained within the oven.

The fully programmable touch control operation enables you to set the start and finish time of your cooking where the oven will automatically switch off when finished.

When this feature is engaged all oven operations are inhibited preventing children from activating the oven.

Specifications

Product Dimensions:	H595 x W595 x D560mm
Cut-out size (proudmount):	H580 x W560 x D590mm
Cut-out size (flushmount):	H598 x W598 x D590mm
Power Requirement:	220-240V – 50Hz
Electrical connection:	15 amp – cable supplied – hard wired
Oven volume:	65 litre capacity
